

Steady On Point

May 2021

NAVHDA is a nonprofit corporation whose purpose is to foster, promote, and improve the versatile hunting dog breeds in North America; to conserve game by using well trained reliable hunting dogs before and after the shot; and to aid in prevention of cruelty to animals by discouraging nonselective and uncontrolled breeding, which produces unwanted and uncared for dogs.

Presidents Letter:

May 1st training day had a great turn out. We finished field 1 at 4:30pm, then went to the water. Great day and an awesome lunch!

Next training day is May 29th. Which will be an NA and UT Mock Test. We will work with all dogs that are there, but Mock Test dogs/handlers will go first and get priority as they're testing a week later.

Our June test fast approaching and we need more volunteers. Saturday looks pretty good. But Sunday is a little thin. Please consider volunteering to help. We also can use someone to do a lunch for the Sunday test. You just prepare a main dish/item. The club will reimburse you for expenses. You setup and then clean up/tear down afterwards for that day. Lunch really helps to keep training going on into the afternoon. The lunch can be as simple as cold cuts and buns for sandwiches or you can prepare something more elaborate. We do have a grill and a generator to help with keeping things hot if needed.

Couple of house cleaning things I saw at training day. We all need to pick up the trash on the grounds. Including spent hulls. Both in the field and especially at the duck search water area. It's very important we keep up on this so we can keep using the grounds. Please take your trash with you and pick up the spent hulls. Thanks.

Brent Catura
